 4. The LEA shall assess the English language proficiency of all new PHLOTE students as prescribed above within 60 days of the beginning of the school year or within 30 school days of a student's enrollment in school, whichever is later, unless the LEA receives funds under Title III of the No Child Left Behind Act of 2001, 20 U.S.C. 6301 et seq. or another federal grant that requires earlier assessment and parental notification.
- D.** Assessment of students in special education or in the special education referral process. If a multidisciplinary evaluation or IEP team finds the procedures prescribed in subsections (B) and (C) inappropriate for a particular special education student, the LEA shall employ alternate procedures for identifying such students or assessing their English language proficiency. Persons conducting the English language assessment shall participate with the special education multidisciplinary evaluation or IEP team in the determination of the student's English language proficiency designation.
- E.** Screening and assessment of students in gifted education. ELLs who meet the qualifications for placement in a gifted educational program shall receive programmatic services designed to develop their specific areas of potential and academic ability and may be concurrently enrolled in gifted programs and English language learner programs.
- F.** English language learner programs.
1. All ELLs shall be provided daily instruction in English language development appropriate to their level of English language proficiency and consistent with A.R.S. §§ 15-751, 15-752, and, as applicable, 15-753. The English language instruction shall include listening and speaking skills, reading and writing skills, and cognitive and academic development in English.
 2. ELLs shall be provided daily instruction in subject areas required under the minimum course of study adopted by the Board pursuant to R7-2-301 and R7-2-302 that is understandable and appropriate to the level of academic achievement of the ELL and is in conformity with accepted strategies for teaching ELLs. This subsection does not require an LEA to provide daily instruction in every subject area required pursuant to R7-2-301 and R7-2-302 if those subject areas are not provided daily to English proficient students.
 3. The curriculum of all English language learner programs shall incorporate the Academic Standards adopted by the Board and shall be comparable in amount, scope and

quality to that provided to English language proficient students.

4. ELLs who are not progressing toward achieving proficiency of the Arizona Academic Standards adopted by the Board, as evidenced by the failure to improve scores on the AIMS test or the nationally standardized norm-referenced achievement test adopted pursuant to A.R.S. § 15-741, shall be provided compensatory instruction to assist them in achieving those Arizona Academic Standards. A WICP describing the compensatory instruction provided shall be kept in the student's academic file.
5. On request of a parent or legal guardian of an ELL the principal of the ELL's school shall require a meeting with the principal or principal's designee, the parent or legal guardian and the classroom teacher to review the student's progress in achieving proficiency in the English language or in making progress toward the Arizona Academic Standards adopted by the Board, to identify any problems, to determine appropriate solutions and to identify the person or persons responsible for implementing the changes and determining their effectiveness.

G. Reassessment for reclassification.

1. The purpose of reassessment is to determine if an ELL has developed the English language skills necessary to succeed in the English language curricula.
2. An ELL may be reassessed for reclassification at any time, but shall be reassessed for reclassification at least once per year.
3. ELLs in kindergarten or first grade shall be reassessed with an alternate version of the oral test of English language proficiency used for initial assessment, unless the same test is no longer published or available when a student is to be reassessed. In such case, the school shall select a test from the Board approved tests for reassessment. Students who score at or above the test publisher's designated score for English language proficiency, or such other score adopted by the Board based on the publisher's designated score, may be reclassified as FEP. LEAs may also consider other indications of a student's overall progress, including teacher evaluation, and subject matter assessments that are aligned with grade level state content and performance standards in deciding whether to reclassify a student who has passed the oral proficiency test.
4. ELLs in grades 2-12 shall be reassessed with an alternate version of the oral, reading and writing English language proficiency tests used for initial assessment, unless the same test is no longer published or available when a student is to be reassessed. In such case the school shall select a test from the Board approved tests for reassessment. Students who score at or above the test publisher's designated score for English language proficiency, or such other score adopted by the Board, in all of the tests shall be reclassified as FEP.
5. LEAs shall notify the parents or legal guardians in writing that their child has been reclassified as FEP when the student meets the criteria for such reclassification.

H. Reassessment of special education students for English language reclassification. If a multidisciplinary evaluation or IEP team finds the procedures prescribed in subsection (G) inappropriate for a particular special education student, the LEA shall employ alternate procedures for reassessing the student for purposes of English language reclassification. Persons conducting the English language reassessment shall participate with the special education multidisciplinary evaluation or IEP

team in the determination of the student's English language proficiency designation.

I. Evaluation of FEP students after exit from ELL programs.

1. The LEA shall monitor exited students based on the criteria provided in this Section during each of the two years after being reclassified as FEP to determine whether these students are performing satisfactorily in achieving the Arizona Academic Standards adopted by the Board. Such students will be monitored in reading, writing and mathematics skills and mastery of academic content areas, including science and social studies. The criteria shall be grade-appropriate and uniform throughout the LEA, and upon request, is subject to Board review. Students who are not making satisfactory progress shall, with parent consent, be provided compensatory instruction or shall be re-enrolled in an ELL program. A WICP describing the compensatory instruction provided shall be maintained in the students' ELL files.
2. The LEA shall use AIMS test scores to determine progress toward achieving the Arizona Academic Standards in monitoring FEP students after exit from an ELL program unless no score is available. Performing satisfactorily will be measured by whether a student meets or exceeds the state standards in reading, writing, and mathematics as measured by AIMS.
3. If an AIMS test score is not available because the test is not administered in the students' grade or to assess progress in academic subjects not assessed by AIMS, the LEA shall use one or more of the following criteria in its evaluation to determine progress toward achieving the Arizona Academic Standards in monitoring FEP students after exit from an ELL program:
 - a. LEA-developed criterion-referenced tests of academic achievement that demonstrate alignment to the Arizona Academic Standards; or
 - b. Standardized tests measuring academic achievement that demonstrate alignment to the Arizona Academic Standards; or

3. The monitoring shall be on-site monitoring and shall include classroom observations, curriculum reviews, faculty interviews, student records reviews, and review of ELL programs. The Department may use personnel from other schools to assist in the monitoring.
4. The Department shall issue a report on the results of its monitoring within 45 days after completing the monitoring. If the Department determines that an LEA is not

complying with state or federal laws applicable to ELL students, the LEA shall prepare and submit to the Department, within 60 days of the Department's determination, a corrective action plan that sets forth steps that the LEA will take to correct the deficiencies noted in the report.

5. The Department shall review and return such corrective action plan to the LEA within 30 days, noting any required changes. No later than 30 days after receiving its corrective action plan back from the Department, the LEA shall begin implementing the measures set forth in the plan, including any revisions required by the Department.
6. The Department shall conduct a follow-up evaluation of the LEA within one year after returning the corrective action plan to the LEA.
7. If the Department finds continued non-compliance during the follow-up evaluation, the LEA shall be referred to the Board for a determination of non-compliance. If the Board determines the LEA to be out of compliance with state or federal laws applicable to ELL students, it may take one or more of the following actions:
 - a. Temporarily withhold cash payments of federal ELL grant monies;
 - b. Disallow (that is deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance;
 - c. Wholly or partly suspend or terminate the current award of federal ELL grant monies;
 - d. Withhold further awards of federal ELL grant monies for the program.
8. The Department shall monitor all LEAs that the Board has determined to be non-compliant and which have had federal ELL grant monies withheld or terminated to ensure that such LEAs do not reduce the amount of funds spent on their ELL programs as the result of its loss of funds.

If a parent requests a due process hearing, the public education agency shall advise the parents of any free or low-cost legal services available, and provide a copy of the procedural safeguards notice. All correspondence to the parent shall be provided in English and the primary language of the home. If the written request involves an application for initial admission, the child, with the consent of the parent, shall be placed in a program for which the child is eligible until the completion of all proceedings.
2. If the public education agency requests a due process hearing, such request shall be made on a model form, as noted in subsection (G)(1), and a copy shall be provided to the parent and the SEA.

H. An impartial due process hearing shall be conducted in accordance with the following procedures:

1. The hearing officer shall hold a pre-hearing conference, at a location mutually agreed upon by the PEA and the parent, to determine if the complaint is a legitimate due process complaint, to ensure that all matters are clearly defined, to establish the proceedings that will be used for the hearing, to determine who will represent and/or advise each party, and to set the times and dates for the hearing.
2. The hearing officer shall conduct the hearing at a location mutually agreed upon by the PEA and the parent.

 - a. The hearing officer shall determine whether the public education agency has met all relevant require-

ments of federal and state law, rules, and regulations.

- b. The hearing officer shall render findings of fact and a decision, which shall be binding on all parties unless appealed pursuant to this rule.
 6. The hearing officer's findings of fact and decision shall be in writing and shall be provided to the parent, the public education agency, the SEA, and their respective representatives. The parent may choose to receive an electronic verbatim record of the hearing and electronic findings of fact and decision relative to the hearing in addition to the written findings of fact and decision. The hearing officer's findings of fact and decision shall be delivered by certified mail or by hand within 45 calendar days after the public education agency's receipt of the request for the hearing. A hearing officer may grant specific extensions of time beyond the 45 calendar days at the request of either party.
 7. The findings of fact and decision of the hearing officer shall be final at the administrative level. The notification of the findings of fact and decision shall contain notice to the parties that they have a right to judicial review.
 8. The SEA, after deleting any personally identifiable information, shall make such written findings of fact and decision available to the public.
- I. Expedited hearing for disciplinary matters.**
1. An expedited hearing for disciplinary matters may be requested:
 - a. By the parent if the parent disagrees with the determination that the child's behavior was not a manifestation of the child's disability; or
 - b. By the parent if the parent disagrees with any decision regarding placement under 34 CFR 300.520-300.528; or
 - c. By the public education agency if the public education agency maintains that it is dangerous for the child to be in the current placement during the pendency of the due process proceedings.
 2. Hearing officers for an expedited hearing shall be assigned by the Office of Administrative Hearings.
 3. The expedited hearing shall be conducted and the findings of fact and decision shall be issued within 10 business days from the receipt of the request.

R7-2-407. Special Education Standards and Assistance for Providing Educational Services and Materials for Visually Impaired Students

- A. All requirements in this Section are in addition to the general special education standards in R7-2-401 for public education agencies providing special education.
- B. For the purposes of this rule, the following definitions apply:
1. "Accessible Electronic File" means, until the effective date of a nationally adopted file format, a digital file in a mutually agreed upon electronic file format that has been prepared using a markup language that maintains the structural integrity of the information and can be processed by Braille conversion software. Upon the effective date of a nationally adopted file format, such as the Instructional Materials Accessibility Standard (IMAS), "Accessible Electronic File" shall mean an electronic file conforming to the specifications of the nationally adopted file format, including future technical revisions and versions of this nationally adopted file format.
 2. "Individualized Braille literacy assessment" means the Learning Media Assessment or other standardized or individualized assessments that pertain to the child's reading medium.
 3. "Non-printed instructional materials" means non-printed textbooks and related core materials, including those that require the availability of electronic equipment in order to be used as a learning resource, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. These materials shall be available to the extent technologically available, and may include software programs, CD-ROMs and internet-based materials.
 4. "Printed instructional materials" means textbooks and related printed core materials, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. This may include workbooks, practice tests, and tests.
 5. "Publisher" means an individual, firm, partnership or corporation that publishes or manufactures printed instructional materials for students attending public schools in Arizona, including an on-line service, a software developer, or a distributor of an electronic textbook.
 6. "Specialized format" means Braille, audio or digital text which is exclusively for use by blind or other persons with disabilities.
 7. "Structural integrity" means the structure of all parts of the printed instructional material will be kept intact to the extent feasible and as mutually agreed upon by the publisher and the local educational agency. This may include appropriate representation of graphic illustrations.
- C. Upon determination of a student having a visual impairment as assessed by a full and initial evaluation defined in R7-2-401(E)(6)(i), a visually impaired student who is determined to be blind as defined by A.R.S. § 15-214(B) shall receive an individualized Braille literacy assessment.
- D. Individualized Education Programs (IEP) for blind students. In addition to the requirements for establishing and implementing an IEP consistent with R7-2-401(F) for a student determined to have a disability, each IEP for a student determined to be "blind" as assessed by R7-2-401(E)(6)(i) and defined by A.R.S. § 15-214(B), shall presume that proficiency in Braille is essential in achieving academic success unless otherwise determined by the IEP team established consistent with the regulations for the most recent reauthorization of the Individuals with Disabilities Education Act (IDEA) and in the manner provided by the most recent reauthorization of the IDEA Act for developing an IEP. An IEP developed under this Section for a student determined to be blind shall include all required provisions of A.R.S. § 15-214(A)(3), including the following:
1. The results of the individualized Braille literacy assessment.
 2. The date on which Braille instruction will begin, the methods to be used and the frequency and duration of the Braille instruction.

- E. The Arizona Department of Education shall designate a central repository for publishers to, upon request, provide accessible electronic files for instructional materials used by public schools in Arizona as defined in subsection (B)(1). The central repository shall be responsible for maintaining a complete list of available accessible electronic files for instructional materials and instructional materials in specialized formats, processing requests from PEAs for instructional materials in specialized formats and providing access to these materials in specialized formats to schools throughout Arizona that are providing services to blind or other students with disabilities.
1. Upon receipt of a written request certifying to the requirements set forth in subsections (E)(1)(a) through (c) publishers shall deliver to the repository, at no additional cost and consistent with the time-frame for providing materials for students without disabilities, accessible electronic files for printed instructional materials and non-printed instructional materials. Certification shall include all of the following:

 - c. The instructional materials are for use by the student in connection with a course in which he or she is enrolled, as verified by the person overseeing the education of students who are blind or visually impaired.
 2. A PEA may access the materials maintained by the central repository, upon written request, for instructional use with a student with a visual impairment, as identified by R7-2-401(E)(6)(i), who requires the use of instructional

materials in a specialized format pursuant to the student's IEP.

3. Nothing in this Section shall be construed to prohibit the central repository from assisting a student with a disability by using the electronic format version of instructional material provided pursuant to this Section solely to transcribe or arrange for the transcription of the printed instructional material into Braille or large print. In the event a Braille transcription is made, the central repository has the right to share the Braille copy of the printed instructional material with other eligible students with disabilities. The PEA will be required to return the specialized format version of the instructional material to the central repository when the student no longer needs the instructional material. The central repository may share the copies of the specialized format of the instructional material with other PEAs who have met the requirements of subsections (B) and (D) of this Section to provide services to students who require such services pursuant to R7-2-401(F)(5).

1. "Educational Interpreter." For the purposes of this Section, "educational interpreter" means a person trained to translate in sign language for students identified to require such services through an Individualized Education Program (IEP) or a 504 accommodation plan in order to access academic instruction. This does not in any way restrict the provisions of R7-2-401(B)(14) which defines "interpreter" and provides that each student's IEP team determines the level of interpreter skill necessary for the provision of FAPE, nor does it restrict a school district's ability to develop a job description for someone in a position of "educational interpreter" that requires additional job responsibilities.
2. "Accommodation plan developed to comply with Section 504 of the Rehabilitation Act of 1973, 29 USC 794, et seq. ("504 accommodation plan")." For the purposes of this Section, "504 accommodation plan" means a plan developed for the purpose of specifying accommodations and/or services that will be implemented by classroom teachers and other school personnel so that students will benefit from their educational program.

- c. Show proficiency in interpreting skills through one of the following:

- i. A minimum passing score of 3.5 or higher on the Educational Interpreter Performance Assessment (EIPA), or
- ii. Hold a valid Certificate of Interpretation (CI) and/or Certificate of Transliteration (CT) from the Registry of Interpreters for the Deaf (RID), or
- iii. Hold a valid certificate from the National Association of the Deaf (NAD) at level 3 or higher.

2. If a public education agency (PEA) is unable to find an individual meeting the above qualifications, the PEA may hire an individual with lesser qualifications, but the PEA is required to provide a professional development plan for the individual they employ to provide educational interpreting services. This professional development plan must include the following:

- a. Proof of at least 24 hours of training in interpreting each year that a valid certification is not held or EIPA passing score is not attained, and
- b. Documentation of a plan for the individual to meet the required qualifications within three years of employment. If the qualifications are not attained within three years, but progress toward attainment is demonstrated, the plan shall be modified to include an intensive program for up to one year to meet the provisions of subsection (B)(1).

3. An individual employed under the provisions of subsection (B)(2) must also have the following:

- a. A valid fingerprint clearance card, and
- b. A high school diploma or GED.

- C. Compliance with these rules will be reviewed at the same time as a PEA is monitored for compliance with the requirements of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. § 1400, et seq.

- B. Persons desiring to be included on the prospective bidders' list shall notify the school district. Upon notification, the school district shall mail or otherwise provide the person with the school district procedures for inclusion on the bidders' list. Within 30 days after receiving the required information, the school district shall add the person to the prospective bidders' list unless the school district makes a determination that inclusion is not advantageous to the school district.
- C. Persons who fail to respond to invitations for bids for two consecutive procurements of similar items may be removed from the applicable bidders' list after mailing a notice to the person. Persons may be reinstated upon request.
- D. Prospective bidders' lists shall be available for public inspection, unless the school district makes a written determination that it is in the best interest of the school district that they should be confidential or private and should not be open for inspection pursuant to A.R.S. § 39-121.

- B. Amendments to invitation for bids shall be so identified and shall be distributed to all persons to whom the original invitation for bids was distributed by the school district.
- C. Amendments to invitation for bids shall be issued within a reasonable time before bid opening to allow prospective bidders

to consider them in preparing their bids. If the school district determines that the time and date set for bid opening does not permit sufficient time for bid preparation, the time and date for bid opening shall be extended in the amendment or, if necessary, by telegram or telephone and confirmed in the amendment.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1027. Pre-opening modification or withdrawal of bids

- A. A bid, modification or withdrawal is late if it is received at the location designated in the invitation for bids for receipt of bids after the time and date set for bid opening.
- B. A late bid, late modification, or late withdrawal shall be rejected, unless the bid, modification, or withdrawal would have been timely received but for the action or inaction of school district personnel and is received before contract award.
- C. Bidders submitting bids, modifications or withdrawals that are rejected as late shall be so notified as soon as practicable.
- D. All documents concerning acceptance of a late bid, late modification, or late withdrawal shall be retained in the official records of the school district.

- A. Each bid and modification shall be time and date stamped upon receipt and stored unopened in a secure place until the time and date set for bid opening.
- B. Bids and modifications shall be opened publicly at the date, time and place designated in the invitation for bids and in the presence of one or more witnesses. The name of each bidder, the amount of each bid, and other relevant information deemed appropriate by the school district shall be recorded. The record shall be available for public inspection.
- C. After contract award, the bids shall be available for public inspection, except that any portion of a bid that was designated as confidential pursuant to R7-2-1005 shall remain confidential from and after the time of bid opening.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1030. Mistakes in bids

- D. After bid opening, the school district may permit a bidder to withdraw a bid if:

1. A nonjudgmental mistake is evident on the face of the bid but the intended bid is not evident; or
2. The bidder establishes by clear and convincing evidence that a nonjudgmental mistake was made.

- E. Mistakes shall not be corrected after award of the contract except where the school district makes a written determination that it would be unconscionable not to allow the mistake to be corrected.

- F. If correction or withdrawal of a bid after bid opening is permitted or denied under subsections (C) and (D) of this Section, the school district shall prepare a written determination showing that the relief was permitted or denied under this Article.

- G. Notwithstanding other provisions of this Section, after bid opening, no corrections in bid prices or other provisions of bids prejudicial to the interest of the school district or fair competition shall be permitted.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1031. Bid Evaluation and Award

- A. The contract shall be awarded to the lowest responsible and responsive bidder whose bid conforms in all material respects to the requirements and evaluation criteria set forth in the invitation for bids. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the lowest bidder, if a competing bidder located outside of this state is not subject to a transaction privilege or use tax of a political subdivision of this state.
- B. Awards for procurement of information systems and telecommunications systems shall include as evaluation factors the total life cycle cost and application benefits of the information systems or telecommunications systems.
- C. Awards for procurement of earth-moving, material-handling, road maintenance and construction equipment shall include as evaluation factors the total life cycle cost including residual value of the earth-moving, material-handling, road maintenance and construction equipment.
- D. If all bids for a construction project exceed available monies as certified by the school district, and the low responsive and responsible bid does not exceed such monies by more than 5%, the school district may in situations in which time or economic considerations preclude resolicitation of work of a reduced scope, negotiate an adjustment of the bid price, including changes in the bid requirements, with the low responsive and responsible bidder, to bring the bid within the amount of available monies.
- E. A product acceptability evaluation shall be conducted solely to determine whether a bidder's product is acceptable as set forth in the invitation for bids and not whether one bidder's product is superior to another bidder's product. Any bidder's offering that does not meet the acceptability requirements shall be rejected as nonresponsive.
- F. Bids shall be evaluated to determine which bidder offers the lowest cost to the school district in accordance with the evaluation criteria set forth in the invitation for bids. Only objectively measurable criteria that are set forth in the invitation for bids shall be applied in determining the lowest bidder. Examples of such criteria include, but are not limited to, transportation cost, energy cost, ownership cost and other identifiable costs or life cycle cost formulae. Evaluation factors need not be precise predictors of actual future costs, but to the extent possible the evaluation factors shall be reasonable estimates

based upon information the governing board has available concerning future use.

- G. A contract may not be awarded to a bidder submitting a higher quality item than that designated in the invitation for bids unless the bidder is also the lowest bidder as determined under subsection (D) of this Section. This Section does not permit negotiations with any bidder, except as provided in subsection (B).
- H. If there are two or more low responsive bids from responsible bidders that are identical in price and that meet all the requirements and criteria set forth in the invitation for bids, award may be made by drawing lots.
- I. A record showing the basis for determining the successful bidder shall be retained in the official records of the school district.
- J. A written notice of award shall be sent to the successful bidder. Unsuccessful bidders may be notified in writing of the award. Notice of award shall be made available to the public.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

Amended effective October 22, 1992 (Supp. 92-4).

R7-2-1032. Only One bid received

If only one responsive bid is received in response to an invitation for bids, an award may be made to the single bidder if the school district determines that the price submitted is fair and reasonable, and that either other prospective bidders had reasonable opportunity to respond, or there is not adequate time for resolicitation. Otherwise the bid may be rejected in whole or in part as may be specified in the solicitation if it is advantageous to the school district. The reasons for cancellation or rejection shall be made part of the procurement file and:

- 1. New bids may be solicited; or
- 2. The proposed procurement may be canceled; or
- 3. If the school district determines that the need for the material or service continues and the acceptance of the one bid is not advantageous to the school district, the procurement may then be conducted as follows:
 - a. The school district may follow the sole source procurement procedure if R7-2-1053 applies.
 - b. Notwithstanding any other provision of this Article, the school district may make emergency procurements pursuant to R7-2-1056 and R7-2-1057 if an emergency condition exists pursuant to R7-2-1056.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1033. Simplified School Construction Procurement Program

- A. The Simplified School Construction Procurement Program is applicable to construction projects which do not exceed the maximum amount specified in A.R.S. § 15-213(A)(2).
- B. To participate in the Simplified School Construction Procurement Program:
 - 1. Each county school superintendent must maintain a list of persons who desire to receive solicitations to bid on construction projects within the county, and additions to the list shall be permitted throughout the year;
 - 2. The list of persons developed pursuant to subsection (B)(1) shall be available for public inspection;
 - 3. A performance bond and a payment bond, as required by A.R.S. § 34-222, shall be provided for contracts for construction by contractors;
 - 4. All bids for construction shall be opened at a public opening and the bids shall remain confidential until the public opening;

- 5. All persons desiring to submit bids shall be treated equitably and the information related to each project shall be available to all eligible persons; and
- 6. Competition for construction projects under the Simplified School Construction Procurement Program shall be encouraged to the maximum extent possible. School districts shall submit information on each project to all persons listed with the county school superintendent by any school district within that county.

Historical Note

Adopted effective December 4, 1998 (Supp. 98-4).

MULTISTEP SEALED BIDDING

R7-2-1035. Multistep sealed bidding

- A. The multistep sealed bidding method may be used if the governing board determines that:
 - 1. Available specifications or purchase descriptions are not sufficiently complete to permit full competition without technical evaluations and discussions to ensure mutual understanding between each bidder and the school district;
 - 2. Definite criteria exist for evaluation of technical offers;
 - 3. More than one technically qualified source is expected to be available; and
 - 4. A fixed-price contract will be used.
- B. The school district may hold a conference with bidders before submission or at any time during the evaluation of the unpriced technical offers.
- C. The multistep sealed bidding method may not be used for construction contracts.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1036. Phase 1 of multistep sealed bidding

- A. Multistep sealed bidding shall be initiated by the issuance of an invitation to submit technical offers. The invitation to submit technical offers shall be issued according to R7-2-1024(A).
- B. Content. The invitation to submit technical offers shall include the following information:
 - 1. Notice that the procurement shall be conducted in two phases;
 - 2. The best description of the material or services desired;
 - 3. A statement that unpriced technical offers only shall be considered in phase 1;
 - 4. The requirements for the technical offers, such as drawings and descriptive literature;
 - 5. The criteria for evaluating technical offers;
 - 6. The closing date and time for receipt of technical offers and the location where offers should be delivered or mailed;
 - 7. A statement that discussions may be held;
 - 8. A statement that only bids based on technical offers determined to be acceptable in phase 1 shall be considered for award; and
 - 9. The name of the district representative or district representatives.
- C. The invitation to submit technical offers may be amended after the submission of the unpriced technical offers.
 - 1. The amendment shall be so identified and distributed to those persons notified pursuant to R7-2-1023 and to other persons who requested the original invitation to submit technical offers, all of whom shall be permitted to submit new unpriced technical offers or to amend the offers already submitted.

2. Amendments shall be issued within a reasonable time before bid opening to allow prospective bidders to consider them in preparing their bids. If the school district determines that the time and date set for bid opening does not permit sufficient time for bid preparation, the time and date for bid opening shall be extended in the amendment or, if necessary, by telegram or telephone and confirmed in the amendment.
- D. Unpriced technical offers shall not be opened publicly, but shall be opened in the presence of two or more district officials designated by the school district. The contents of unpriced technical offers shall not be disclosed to unauthorized persons.
- E. Unpriced technical offers shall be evaluated solely in accordance with the criteria set forth in the invitation to submit technical offers and shall be determined to be either acceptable for further consideration or unacceptable. A determination that an unpriced technical offer is unacceptable shall be in writing, state the basis of the determination and be retained in the procurement file. If the school district determines a bidder's unpriced technical offer is unacceptable, the school district shall notify that bidder of the determination and that the bidder shall not be afforded an opportunity to amend its technical offer.
- F. The school district may conduct discussions with any bidder who submits an acceptable or potentially acceptable technical offer. During discussions, the school district shall not disclose any information derived from one unpriced technical offer to any other bidder. After discussions, the school district shall establish a closing date for receipt of final technical offers and shall notify, in writing, bidders submitting acceptable or potentially acceptable offers of the closing date. The school district shall keep a detailed record of all discussions.
- G. At any time during phase 1, offers may be withdrawn.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1037. Phase 2 of multistep sealed bidding

- A. Upon completion of phase 1, the school district shall issue an invitation for bids and conduct phase 2 under Sections R7-2-1024 through R7-2-1032 as a competitive sealed bidding procurement, except that the invitation for bids shall be issued only to bidders whose technical offers were determined to be acceptable in phase 1.
- B. Unpriced technical offers of unsuccessful bidders shall be open to public inspection except to the extent set forth in R7-2-1029(C).

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

COMPETITIVE SEALED PROPOSALS**R7-2-1041. Competitive sealed proposals**

- A. If, under this Section, the governing board determines in writing that the use of competitive sealed bidding is either not practicable or not advantageous to the school district, a contract may be entered into by competitive sealed proposals. The governing board may make a class determination that it is either not practicable or not advantageous to the school district to procure specified types of materials or services by competitive sealed bidding. The competitive sealed proposal method may not be used for construction contracts. The governing board may modify or revoke a class determination at any time.
- B. If competitive sealed bidding is neither practicable or advantageous, then competitive sealed proposals may be used if it is necessary to:
 1. Use a contract other than a fixed-price type;

2. Conduct oral or written discussions with offerors concerning technical and price aspects of their proposals;
3. Afford offerors an opportunity to revise their proposals;
4. Compare the different price, quality, and contractual factors of the proposals submitted; or
5. Award a contract in which price is not the determining factor.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

Amended effective March 21, 1991 (Supp. 91-1).

R7-2-1042. Request for Proposals

- A. Competitive sealed proposals shall be solicited through a request for proposals. A request for proposals shall set forth those factors listed in R7-2-1024(B) that are applicable and shall also state:
 1. The type of services required and a description of the work involved;
 2. The type of contract to be used;
 3. An estimated duration that the service will be required;
 4. That cost or pricing data is required;
 5. That offerors may designate as proprietary portions of the proposals;
 6. That discussions may be conducted with offerors who submit proposals determined to be reasonably susceptible of being selected for award;
 7. The minimum information that the proposal shall contain;
 8. The closing date and time of receipt of proposals; and
 9. The relative importance of price and other evaluation factors.
10. Procurement of information systems and telecommunications systems shall include, as criteria in the request for proposal, evaluation factors of the total life cycle cost and application benefits of the information systems or telecommunication systems.
11.  2. A payment bond satisfactory to the school district, executed by a surety company authorized to do business in this state or otherwise secured in a manner satisfactory to the school district, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract. The bond shall be in an amount equal to 100% of the price specified in the contract.
- B.** The performance bond and the payment bond shall be delivered by the contractor to the school district at the time the contract is executed. If a contractor fails to deliver the required performance bond or payment bond, the contractor's bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made pursuant to this Title.
- C.** This Section shall not be construed to limit the authority of the school district to require a performance bond or other security in addition to those bonds or in circumstances other than specified in subsection (A) of this Section.
- D.** Any person who furnishes labor or material to the contractor or its subcontractors for the work provided in the contract, in respect of which a payment bond is furnished under this Section, and who has not been paid in full within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made has the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due the person. R7-2-1114. Contract Payment Retention and Substitute Security

- A.** Contract payment retention. Ten percent of all construction contract payments shall be retained by the school district as insurance of proper performance of the contract or, at the option of the contractor, a substitute security may be provided

by the contractor pursuant to this Section. The contractor is entitled to all interest from any such substitute security. When the contract is 50% completed, 1/2 of the amount retained or securities substituted pursuant to this Section shall be paid to the contractor upon the contractor's request provided the contractor is making satisfactory progress on the contract and there is no specific cause or claim requiring a greater amount to be retained. After the contract is 50% completed, no more than 5% of the amount of any subsequent progress payments made under the contract shall be retained providing the contractor is making satisfactory progress on the project, except if at any time the governing board determines satisfactory progress is not being made, 10% retention shall be reinstated for all progress payments made under the contract subsequent to the determination.

- B.** The form of substitute security. The form of substitute security is limited to the following:
1. An assignment of time certificates of deposit by financial institutions licensed by this state;
 2. Share certificate of a savings and loan institution or credit union authorized to transact business in this state; or
 3. Security issued or guaranteed as to principal and interest by:
 - a. The United States;
 - b. The state;
 - c. Counties, municipalities and school districts within this state.
- C.** Conditions for use of substitute security.
1. A contractor may submit substitute security to replace contract payment retention if:
 - a. The use of substitute security is requested of the school district or designee for work performed under the contract. The contractor shall have the option of submitting the substitute security:
 - i. Prior to each progress payment in an amount of no less than 10% of each progress payment; or
 - ii. Once, prior to the first progress payment in an amount no less than 10% of the total contract amount.
 - b. The interest earned on such security shall accrue to the benefit of the contractor, but shall be retained until the school district has approved completion and acceptance of all work to be performed under the contract;
 - c. The term of such security shall not mature until after the estimated contract completion date; and
 - d. The security shall mature no later than one year after the estimated contract completion date.
 2. The substitute security shall not be released without written approval by the school district.
 3. A contractor may submit a single substitute security for more than one project provided that:
 - a. The amount of such security is sufficient to cover the aggregate retention amount;
 - b. The school district determines that such single substitute security is advantageous to the school district; and
 - c. Such security complies with the requirements of subsection (C)(1) of this Section.
- D.** Any retention shall be paid or substitute security shall be returned to the contractor within 60 days after final completion and acceptance of work under the contract. Retention of payments by a school district longer than 60 days after final completion and acceptance requires a specific written finding by the governing board of the reasons justifying the delay in payment. No school district may retain any monies after 60 days

which are in excess of the amount necessary to pay the expenses the governing board reasonably expects to incur in order to pay or discharge the expenses determined in the finding justifying the retention of monies.

- E. The school district shall not accept any substitute security unless accompanied by a signed and acknowledged waiver of any right or power of the obligor to set off any claim against either the school district or the contractor in relationship to the security assigned. In any instance in which the school district accepts substitute security as provided in this Section, any subcontractor undertaking to perform any part of the contract is entitled to provide such security to the contractor.

R7-2-1115. Progress Payments

- A. Progress payments may be made by the school district to the contractor on the basis of a duly certified and approved estimate of the work performed during the preceding month if the contractor agrees to adhere to the provisions of A.R.S. § 41-2577(B), (D), and (F). Payment shall be made within 30 days after receipt of the estimate of the work performed, except that a percentage of all estimates shall be retained as provided in R7-2-1114. The estimate of the work shall be deemed received by the school district on submission of the estimate of the work to the school district or a person designated by the school district for the submission, review or approval of the estimate of the work. An estimate of the work submitted under this Section shall be considered approved and certified after seven days from the date of submission unless before that time the school district or designee prepares and issues a specific written finding detailing those items in the estimate of the work that are not approved and certified under the contract. The school district may withhold an amount from the progress payment sufficient to pay the expenses the school district reasonably expects to incur in correcting the deficiency set forth in the written finding. No contract for construction may materially alter the rights of any contractor, subcontractor or material supplier to receive prompt and timely payment as provided under this Section. On completion and acceptance of separate divisions of the contract on which the price is stated separately in the contract, payment may be made in full including retained percentages, less deductions, unless a substitute security has been provided pursuant to R7-2-1114.
- B. A subcontractor may notify the school district, in writing, requesting that the subcontractor be notified by the school district in writing within five working days from payment of each progress payment made to the contractor. The subcontractor's request remains in effect for the duration of the subcontractor's work on the project.
- C. If any payment to a contractor is delayed after the date due, interest shall be paid at the rate of 1% per month, or a fraction of a month, on such unpaid balance as may be due.
